How to bond after the year that was 2020.

Strengths

Find areas in which people excel in, allowing them to put their best work forward.

Weaknesses

Look at areas in which people's interests may not lie and delegate those tasks to people who excel at them.

Efficient

Giving people tasks they can perform well at allows for the club's duties to be streamlined and easy.

Self-assess!

1. As a group, get to know each other's strengths and weaknesses
 - Where does it align position wise?
2. Make your nametags!
 - Everyone write your name and the position you have been assigned in your group
