

Georgia HOSA Officer JumpStart 2021

Running Your HOSA Chapter like a Hospital

With Reema Chande
Georgia HOSA State President

What's on the menu today!

Points for discussion

Comparing your HOSA chapter to a hospital

What skills transfer between working in both?

Tools to use to construct your dream HOSA chapter this year

Develop a fundamental knowledge of the environment of a hospital

Conceptualize HOSA leadership alongside professional skills

Apply the principles of high-quality, compassionate medicine towards members at the local level

A Little About Me!

Reema Chande
Georgia HOSA State President

ICEBREAKER TIME

In a **single word**,
describe your ideal
hospital to
work/be treated at!

**Write what comes
to mind!**

**Hold up your card
once you finish
writing!**

Let's Debrief!

Reflect on the questions and the words we chose as each prompt appears on screen!

What did they have in common?

Let's Debrief!

Reflect on the questions and the words we chose as each prompt appears on screen!

What did they have in common?

Why are they important?

Let's Debrief!

Reflect on the questions and the words we chose as each prompt appears on screen!

What did they have in common?

Why are they important?

Does your chapter embody them?

Let's Debrief!

Reflect on the questions and the words we chose as each prompt appears on screen!

What did they have in common?

Why are they important?

Does your chapter embody them?

Why is that important?

**The structure and
function of a hospital
can mimic a HOSA
chapter.**

Let's get competitive!

Go head to head between officer teams with this speed challenge.

In front of you are 10 cards.

5 are the incomplete names of hospital departments.

5 are their respective functions.

You are tasked with filling in the blanks of each department name.

And matching the structure to the function.

May the speediest matchmakers win!

Let's get (a little less) competitive!

Now, working altogether, tell me
where I should put each structure on
the map!

**Okay...so how
does this mimic
HOSA?**

On Company Growth

How tech helps companies evolve and innovate

LABORATORY

Observing and testing new and different chapter activities/ changes/improvements to see how they react with the “chemistry” of members

TCU: TRANSITIONAL CARE UNIT

Handling major changes in your chapter, changing officer teams, graduating seniors, transitioning inactive members to active members

RADIOLOGY

During chapter operations, collecting performance data to measure how healthy your chapter and officer team is, signaling warning signs from the data

On Company Growth

How tech helps companies evolve and innovate

ADMINISTRATIVE SERVICES

President/VP duties surrounding accountability for officers, overall recruitment strategy, service planning, member data management

EMERGENCY SERVICES

Logistic end of HOSA, every officer needs to function in this capacity, what to do when things go wrong to reroute to normal

DESIGN YOUR "DREAM HOSA- HOSPITAL"

**Make your
blueprint, then
follow through!**

Tools to bring your blueprint to life!

Technology can be a
chore, but sometimes it
works!

-
- **SLACK**
 - **SLIDESGO**
 - **VOLUNTEERMATCH.ORG**
 - **NOTION**
 - **CARRD/LINKTREE**
 - **ONENOTE**
 - **STRAWPOLLS**
 - **CANVA**
 - **ELECTIONRUNNER**
 - **GOOGLE VOICE**

Planning is NOT just a summer endeavor!

Put some change in motion!

- *What 3 changes do you want to make in your chapter this year?*
 - *Make it impactful and intentional.*
- *How will you do it?*
 - *Make it SPECIFIC!*
